

Pre-tertiary coaching and mentoring program

This program is designed to provide specialist support to students who intend to pursue a professional career in the performing arts.

WildVoicesmusictheatre will draw up a program of work - based on an assessment of your specific needs - including identifying your current strengths and any areas that require extra support.

This skills-based program will be designed to fit around your paid work – if undertaking a gap year prior to commencing audition rounds – or to fit around other studies.

Central to the program will be voice, musicianship and (where relevant) piano training, with Dianna Nixon. Dianna will recommend, and introduce you to, other practitioners in this region who are providing training in vocal health, movement, dance and any other specialist disciplines that are relevant to your particular needs. We will design a program, tailored for you, that will develop your skill set in line with WildVoicesmusictheatre's overall philosophies and objectives.

For more info, or to set up an appointment, send us a message via the contact page on the website.
